

*“We Teach
The World To Fly”*

WELCOME to your Cessna Pilot Center.

We understand pilots, and what it takes to be a pilot, like no one else. In fact, Cessna Pilot Centers are the largest network of professional flight training organizations in the world. Throughout history, more people have learned to fly in a Cessna than any other aircraft.

“Once you have tasted flight, you will walk the earth with your eyes turned skyward, for there you have been, and there you will long to return.”

- Leonardo da Vinci

YOUR WORLD

JUST GOT A WHOLE

LOT SMALLER

Or at least it will feel that way when you discover just how easy it is to travel more than twice as fast as you can drive. Maybe it's skiing with friends and family. Or golfing with your best friend a state away. Making impossible business appointments in cities far away – while still making it home for dinner. The possibilities are endless.

TO BE A PILOT:

- You must be at least 16 years of age for a student certificate and 17 for a Private certificate; however you can begin your training at any age.
- You must be able to read, speak and understand English.
- You must be ready to have the most fun of your life!

YOUR CESSNA PILOT CENTER OFFERS:

- A safe, friendly, comfortable, dynamic atmosphere in which to learn.
- Cessna-exclusive curriculum that makes becoming a pilot easier than ever.
- A knowledgeable flight instructor to mentor you, motivate your learning and accommodate your requirements. Think of it as having your own personal cockpit trainer.
- Training in dependable Cessna aircraft, featuring the latest glass cockpit technology.

With Cessna's comprehensive flight training system, you will quickly become a knowledgeable, competent pilot. The computer-based instruction (CBI) program works hand in hand with your actual flight experience – allowing you to preview your next training flight before you even drive to the airport.
